EQUITY SPOUTER

Sold His Tobacco to the Trust—Farmers Want An Explanation

Augusta Chronicle.

Hon. W. A. Byron is the man that sold his tobacco. This crop was grown by John Boone. There were 3,900 pounds. Sold at 10 cents. The crop was delivered at Brooksville July 13th and Mr. Byron's part was something like \$97. The latter is now making Equity speeches in Lincoln county, and if he will take a day off The Chronicle will be glad to publish anything he has to say in defense of selling his crop outside of the Equity.

But The Chronicle does not believe that the members of the American Society of Equity will accept as an excuse "that it was only a small crop anyway," or Bill Nye's reason—"I needed the money."

"A FEW WORDS ABOUT OUR MEN'S and BOYS' SHOES."

When several years since we added Shoes to our business we posted ourselves as to what manufacturers made the best. We did not look for bargains; we wanted Shoes that we could warrant to give satisfaction or "money back." In the beginning of our shoe business we catered more to the dress shoe trade than any other. We soon learned that our country friends want every-day or working Shoes that are in the same class as our fine Shoes as to wear and comfort. We have just received our Barker-Brown line of Working Shoes. Every pair warranted to give satisfaction. We stand behind you; Barker-Brown stand behind us. If you want that kind of Shoes, come in and let us show them to you.

SWAG OF THIEVES

Discovered Under River Bank
Little Girls Find Stolen Shoes

Yesterday afternoon two little girls, living in West Front street near the C. and O. freight depot, discovered a box of shoes in the willows under the bank where they had been cached by thieves who had evidently stolen them from a C. and O. freight car.

The matter was placed in the hands of Officers Senteney and Ryan, who on investigation found a box containing thirty-four pairs of children's fine shoes. The box was marked Jones Manufacturing Co., Canton, Ga. The shoes are said to be the product of a Portsmouth, O., firm.

There were other empty paper boxes scattered about, indicating that part of the swag had been carried off. So far there has been no loss reported at the freight depot here, and the case remains to be developed by the Police, who now have the matter in charge.

REPUBLICANS are making great preparations for the opening of the state campaign at Maysville, and it is expected by those in charge of the arrangements that 20,000 will be in Maysville on August 19th. A. E. WILLSON will make his opening speech at that time.—Courier-Journal.

THE Macedonian cry is going up from the Beckham-Hargis-Hager-Haley organ at Frankfort, otherwise called The Kentucky Journal. From snarling, growling and back-biting at Marse HENRY, the Frankfort organ is now supplanting the great Editor and saying in the words of SHAKESPEARE: "Help me, CASSIUS, ere I sink!" What is Marse HENRY to hope for in the event Beckham-Hargis-Hager-Haley win next November? Will Mr. WATTERSON be permitted to enjoy the fruits of a supposed victory? Well, hardly. The little disreputable machinists at Frankfort will simply give Marse HENRY the horse laugh, and plenty of it. Now is the time for the people of Kentucky to draw the line on the ambitions of the Frankfort gang. Old Kentucky is sick unto death of the rank political provender upon which she has been stuffed for the past seven years. A change of diet is needed, else the undertaker will follow some mighty poor political doctoring.

We are offering ridiculously low prices upon standard Pianos, in some instances as much as \$100 off! This marvelous state of affairs comes about through a number of causes, all legitimate as well as apparent. No secret about it, so listen: We do not buy our Pianos haphazard, taking whatever the manufacturer chooses to send us. We eliminate all the elements of chance. We personally go to the Fountain Head of Art, New York City, and patiently inspect numerous instruments, making difficult and minute comparisons, testing voicings, dictating a change of case design here, an adjustment in the action there, etc., etc. In consequence of which our pianos are marvels of art, their tonal qualities superb and their case designs an education in wood art.

By this means we know each Piano that we offer for sale, and can and do give a

A new paper is to be started at Ironton, Ohio, by the supporters of Judge TAFT.

"Will you walk into my parlor?" said spider BOB FRANKLIN to the sweet little fly, Governor W. S. TAYLOR, formerly of Kentucky, now sojourning in the Hoosier State. "Not this year, ROB-ERT. But I may be with you in 1908. Please make a note on it."

THE Postoffice Department has granted five days leave of absence to Kentucky Postmasters of the first, second and third class to enable them to attend the annual convention of Postmasters in Louisville September 18th and 19th. Nothing is said about the fourth class P. M.'s. Fourth, class Postmasters are merely Government mules, and are the hardest worked and poorest paid officials in the Government service today. They are permitted to do all their official work from janitor to boss and are made to pay their own rent, furnish lights, and incidentally, free chewing and smoking tobacco, reading matter and pleasant quarters for the loafers. All Postmasters above the fourth class can act the gentleman of leisure, with salary sufficient to get themselves at least one new suit a year, but the fourth-classers are considered to represent the "common peepul," and if they receive enough money to get them a "barl" of flour occasionally, they may count themselves lucky. Never fear. The worm will turn some of these days.

GIRL BABY'S AWFUL ECZEMA

Sight of Eye Destroyed by Disease—Tried Five Doctors but Grew Worse—In Agony Eight Months—Parents Discouraged, Until They Tried Cuticura Remedies

IN ONE WEEK ALL SORES DISAPPEARED

"Our little girl, one year and a half old, was taken with eczema or that was what the doctor said it was. We called in the family doctor and he gave some tablets and said she would be all right in a few days. The eczema grew worse and we called in doctor No. 2. He said she was teething, as soon as the teeth were through she would be all right. But she still grew worse. Doctor No. 3 said it was eczema. By this time she was nothing but a yellow, greenish sore. Well, he said he could help her, so we let him try it about a week. One morning we discovered a little yellow pimple on one of her eyes. Of course we phoned for doctor No. 3. He came over and looked her over and said that he could not do anything more for her, that we had better take her to some eye specialist, since it was an ulcer. So we went to Oswego to doctor No. 4, and he said the eyesight was gone, but that he could help it. We thought we would try doctor No. 5. Well, that proved the same, only he charged \$10 more than doctor No. 4. We were nearly discouraged. I saw one of the Cuticura advertisements in the paper and thought we would try the Cuticura Treatment, so I went and purchased a set of Cuticura Remedies, which cost me \$1. and in three days our daughter, who had been sick about eight months, showed great improvement, and in one week all sores had disappeared. Of course it could not restore the eyesight, but if we had used Cuticura in time I am confident that it would have saved the eye. We think there is no remedy so good for any skin trouble or impurity of the blood as Cuticura. Mr. and Mrs. Frank Abbott, R. F. D. No. 9, Fulton, Oswego Co., N. Y., August 17, 1906."

BEAUTIFUL HAYSWOOD

To Be Transformed Into the Maysville Hospital.

Brief Sketch of the Noble Woman Who Made the Gift—Passing of a Famous Institution of Learning.

The gift of beautiful Haywood to the city of Maysville for a hospital is a splendid bequest from a noble woman. This unexpected gift not only fills a long-felt need, but the specific purpose for which it is given should arouse the heart-felt admiration and enthusiasm of every human being in our city and county.

It is one of the most magnificent gifts which the city of Maysville has ever received, and the best part of it is that it comes as a "deed of gift," absolutely and without conditions or a string to it.

To Mrs. May V. Wilson, the noble woman who makes this splendid donation, THE PUBLIC LEDGER joins with thousands of our citizens in extending to her the sincerest thanks of a grateful city.

Mrs. Wilson was born and reared in that famous old center of medical education, the city of Philadelphia, and, doubtless, to this early environment she is indebted for her interest in hospital foundations. Her selection of the beautiful site at Haywood marks the persistence of an artistic interest which comes with her blood.

Her grandfather was a brother of the celebrated artist, Rembrandt Peale.

As stated before, the deed is made to Dr. Thomas E. Pickett, J. Foster Barbour, A. M. J. Cochran and Clarence L. Lallee, Trustees, and their successors in office.

Dr. Pickett is to be Director-in-Chief of the new hospital, which is evidence enough that the new institution will have the masterly guidance of one of the leading physicians of the country, a polished scholar and gentleman, and a mind matured by years of practice and association with the leading medical geniuses of America and abroad.

DESCRIPTION OF HAYSWOOD.

The buildings and grounds are most beautiful and commandingly situated on the Southwest corner of Market and Fourth streets and the buildings are probably 100 feet above the Esplanade; thus located, the situation is ideal for a hospital, having pure air, beautiful grassy lawns and forest shade. The drainage can be made perfect, a very essential thing in all hospitals.

The main building is an old fashioned, low, solidly built colonial home and was erected about 65 years ago by Dr. Joseph Taylor, a prominent practitioner of his time. The old doctor little thought that he was then planning for what was to be the future hospital for his city.

There are probably a dozen rooms in Haywood counting the Western addition which was occupied by the Haywood Institute.

The grounds are the finest part of Haywood and comprise more than two acres of well-kept terraced lawn, the long flights of steps leading up to the residence being through an avenue of shade trees.

The premises have passed to the new owners

Wilson Will Fire the Opening Gun Against the Tottering Democratic Machine.

20,000 People Will Attend the Demonstration—Extravagance of Old Regime to Be Scored.

The Insincerity of Office-Holders Will Be Exposed in Unmistakable Fashion.

Louisville Herald.

The eyes of Kentucky Republicans are now directed toward Maysville, where the state campaign will be opened formally on August 19th. The Republicans of that city are planning a big rally, and enthusiasm is said to be rampant over the reception which will be tendered on that date to Augustus E. Willson, nominee for Governor, and the other candidates on the ticket. The Republican campaign managers express satisfaction at the outlook, and declare that every indication points to victory at the polls in November.

The Mason County Committee has been busy for weeks perfecting the plans and making the final arrangements to entertain the crowd that will attend the opening of the campaign. Letters have been received from the leaders all over the Ninth Congressional District, telling the committee to "prepare for a large delegation from each county, and it is now estimated that at least 20,000 people will be in Maysville August 19th.

The speaking will be in the Opera-house, which is already being decorated and placed in first-class condition for the occasion. There will be present, besides those of state prominence, several speakers of National fame, and there will be no lack of enthusiasm. Mr. Wilson and the other nominees will be entertained by W. H. Cox, candidate for Lieutenant Governor.

INSINCERITY IN MOVEMENT.

The insincerity of Governor Beckham and State Auditor Hager in the reform movement in Kentucky will be the keynote of the campaign. It is the purpose of the campaign managers and the various speakers to show the construction of the State Democratic machine by Beckham and Hager, and how these form the integral parts or central cogs of the political engine. An attempt will be made to explain to the voters of the state how Governor Beckham has had his Legislature create new offices to be filled later by his henchmen. It will also be pointed out that the Governor has turned down the "old guard" Democrats in every instance when they refused subservience to him.

Of course it requires money to equip and operate a modern hospital, and now that Mrs. Wilson has given the beautiful foundation, the money to modernize the buildings will have to come from other philanthropic people, the City of Maysville and Mason county.

The institution is worthy of the united help of all and we hope to see some one step to the front with a donation that will aid the good work mapped out by the intelligent Trustees who will govern the new hospital.

If you want to keep "posted," read the advertisements in THE LEDGER. They are a part of Maysville's daily local history.

It will also be pointed out that the Governor has turned down the "old guard" Democrats in every instance when they refused subservience to him.

chine by Beckham and Hager, and how these form the integral parts or central cogs of the political engine. An attempt will be made to explain to the voters of the state how Governor Beckham has had his Legislature create new offices to be filled later by his henchmen. It will also be pointed out that the Governor has turned down the "old guard" Democrats in every instance when they refused subservience to him.

The extravagance of the seven years of the Beckham regime, during which time it is claimed that millions of useless expenditures of state money were made, will be held up to the voters by the campaign managers, as well as the graft in connection with the new State Capitol, which some of the speakers are said to have in figures and calculated to a nicety.

Attention of the voters will also be called to graft in public binding and printing contracts, and to the special attorney fee system, in which it is alleged by the campaign managers that Governor Beckham has appointed his henchmen to act in cases where the Attorney General and his assistant should have acted. They have declared that they will prove by figures where enough money has been spent by the state for special attorney fees under the Beckham regime to establish a Department of Justice at Frankfort, with an Attorney General, a score of assistants and a full corps of clerks and stenographers.

MR. WILLSON'S SPEECH.

Mr. Willson has prepared a stirring speech to be delivered at Maysville. In it, it is said, he will point out the inconsistencies of the Democratic machine and its head, Governor Beckham. Following the speech at Maysville the nominee for Governor will make a whirlwind campaign of the state, speaking in many cities and towns.

He will be accompanied on his speech-making tour part of the time by Dr. Ben L. Bruner, nominee for Secretary of State, and by Judge James Breathitt, nominee for Attorney General. Dr. Bruner, who is one of the best known campaign orators in Kentucky, will speak frequently during the contest. He is enthusiastic over the Republican outlook in the state this fall, and is preparing some "hot shot" to introduce to the voters in the rural districts.

In speaking yesterday of the coming campaign, Dr. Bruner said: "We intend to show the voters that both Beckham and Hager are practicing the 'Bingham-Davies' act, that is, they are playing both ends against the middle

on the liquor question. They are crying aloud for temperance and making a grand stand play, showing wherein they are not sincere.

Governor Beckham never has been for temperance, but is trying to kill two birds with one stone. He saw his last hopes glimmering in the old party, and in order to rehabilitate himself and his machine with Hager at the head, he decided upon the grand stand play in order that he might enlist the country people in his support, realizing, of course, the popular wave which had just begun to tell over the state. Again this move on the part of the Governor gave an opportunity to get even with his associates, who had refused to obey his dictates. He now has tried to whip these into submission by forcing the issue in Louisville.

ACCEPTED PUBLIC OFFICE.

"Another token of Governor Beckham's insincerity may be gathered from the fact that he appointed Robert W. Bingham to head the new political machine in Louisville. Here is a man who accepted a public office, and in a speech before the Legislative Committee at Frankfort declared that the people had not elected him to that office. Mr. Bingham led the people to believe that he was not in favor of the election contest, and showed his insincerity by holding grimly on to his \$5,000 salary for a period of 18 months and after the Court of Appeals decided against him. He never resigned his office of County Attorney, but held on until he was appointed to the office of Mayor. Another proof of Mr. Bingham's insincerity is the fact that he accepted part of a fee given to fight to hold his stolen office."

"Mayor Bingham has allowed Gov. Beckham to use him as a tool to discharge policemen, firemen and other city employees for frauds committed at the 1905 election. It is well known that Gov. Beckham set the example in accepting stolen offices, and that Mayor Bingham followed by accepting an office to which the people did not elect him. This action on the part of two men makes them far worse and more 'undesirable citizens' to my way of thinking than those whom they have discharged because they were carrying out the orders of the orders of the superiors while Messrs. Beckham and Bingham each had the legal education and training to enable them to know their acts were illegal.

"In my humble judgment the man who accepts stolen goods is a meaner man than he who steals because he is the sharper who lends the brains to the transaction while the poor dupe is carrying out the orders of his superior."

WHY?

That little word and the interrogation point may mean little or it may mean much. When applied to roofing it means a good deal. The manufacturers of and dealers in nearly all "Composition" "Felt" and "Rubber" roofing tell you of their two and three-ply roofing and its superior qualities and then ask you \$1 to \$2 per square more than for single ply. When you examine roofing ask the weight. That's the test. Our Climax Asphalt weighs 60 pounds per square and is sold as low as the 35 and 40-pound kind. Investigate this before purchasing.

READ THIS AND PROFIT THEREBY!

This is a trying time of the year. Many discomforts arise from the heat. The best way to be comfortable is by bathing often, at least twice daily, and by using a liberal quantity of talcum powder. By bathing often one keeps the skin clean and the pores open, thereby allowing the entire body to "breathe freely," which means perfect health.

The best soap to use for the bath and toilet is Picard's Complexion Soap, a non-injurious, healthful soap. Talcum powder keeps the skin cool, allays heat rash, stops chafing and is an excellent toilet requisite. We have a number of kinds.

"HOME RUN HAGGERTY"

Left at the Post By the Rattling Work of Vanceburg Team

Portsmouth Blade.

A regular Home Run Haggerty stunt became a reality in a ball game played at Glen Springs on Monday between Portsmouth and Vanceburg teams.

With the bases full and the score 9 to 0 against them the Kentuckians made a desperate effort to win.

One of the leading sluggers landed on one of Bob Lewis' teasers and sent the ball clear into left field. It lodged between the branches of "an old apple tree" and of course four runs came in.

The outfielder had to climb the tree and shake it before the ball fell to the ground. It was a most unique home run and threw the big crowd of Vanceburg rooters into paroxysms of joy.

Before the side was retired the Kentuckians tied up the game, which went to twelve innings and was called a draw each club having scored 14 runs.

There were 830 visitors at the Public Library last month and 1,270 books were taken out.

IMPROVING THE OHIO

To a Nine-Foot Stage From Pittsburgh to Cairo—Important Meeting of Engineers—Tour of Inspection

Cincinnati was an important factor in Pittsburgh Monday at the review of the Ohio river conditions by the Board of the United States Engineers. At the conclusion of the conference the impression was that the Board will recommend to Secretary of War Taft that the stage of the Ohio river be increased to nine feet from Pittsburgh to Cairo. The engineers and the delegations of citizens from the waterway area are en route to Cairo to inspect the river. Speeches and memorials for Cincinnati were made by Congressman Goebel, Will L. Finch of the Industrial Bureau, and J. F. Ellison for the Ohio River Improvement Association. Other points on the river sent representatives also.

Mayor Guthrie of Pittsburgh said that with the river at a navigable stage: "We shall not be compelled to ship our freight to New York and thence to the markets of the world."

Colonel John L. Vance of Columbus presented a memorial for every town and hamlet on the river, asking for the improvement. He prophesied that: "With a stage of water the year around the entire valley of the Ohio will become a beehive of industry."

There were eight additions to Sunday night to the Christian Church at Dover.

Mrs. Leonard Fielding Mattingly, formerly Mrs. Tillie Rees Worick of this county, was the hostess at a very elegant reception given a few days since at her charming home, "Idlewild," near Lebanon, in honor of Mrs. Chester Waterman of New York and Mrs. W. W. Spalding. Following the reception, the hours of which were from 8 to 10, a dance was given the younger society people who had been invited from 10 to 12. The affair was a brilliant social event.

THE M. D. S.

County and City Physicians Hold Interesting Meetings.

The Mason County Medical Society met at the City Hall Wednesday afternoon, with a full attendance.

After the reading and adoption of the minutes, Dr. W. S. Yazell, City Health Officer, was asked for a statement concerning the new sewer in the Sixth Ward. In his remarks Dr. Yazell said that the chief purpose of the new sewer was draining the surface, and that closets would not be connected with it. It was his opinion that the water would be very much contaminated by the sewer emptying so short a distance above the intake of the Pumping Station.

In the free discussion which followed it was shown that the chief source of water contamination is from surface drainage, and it was agreed by all that a sewer emptying so short a distance above the city's water supply renders the water very undesirable for use and increases the dangers of typhoid fever and other infectious diseases.

The Academy of Medicine met last evening, Dr. Harover presiding.

Members present: Drs. Adamson, Reed, Pickett, Browning, Samuel, Yazell, Taylor, Cooper, Harover, and Dr. Quigley visiting.

Lectures by Drs. Reed and Harover.

Next meeting at usual hour, Thursday, 15th.

Lecturers, Drs. Lamuel, Adamson and Taylor.

Captain Ellison said: "There is danger to shippers in present conditions of the stream."

Francis L. Robbins, President of the Monongahela River Consolidated Coal and Coke Company, said that his company has \$10,000,000 invested in the business. The Ohio river is the natural artery for that part of his trade which goes South, still he is compelled to use the railroads. George W. Theiss, Vice-President of the same company, said that the loss on coal shipments to New Orleans by river averages 15 cents a ton a year.

Samuel Arnold, aged 100 years, is dead at Ewing.

The members of Friendship Rebekah Lodge are requested to meet at Mrs. Thomas Luman's Monday evening at 7:30 o'clock.

MISS LUCY MOLEN.

Miss Lucy Molen, sister of Mr. Henry Molen, died this morning at 3 o'clock at the home of her brother in West Second street; after an illness of eight weeks with a complication of diseases aged 50 years.

Funeral from the residence Sunday afternoon at 3 o'clock with services by Rev. G. W. Bunton of the Third Street Methodist Church. Interment in Maysville Cemetery.

WORKS WONDERS

A Wonderful Compound—Cures Piles, Eczema, Skin Itching, Skin Eruptions, Cuts and Bruises.

Doan's Ointment is the best skin treatment, and the cheapest, because so little is required to cure. It cures piles after years of torture. It cures obstinate cases of eczema. It cures all skin itching. It cures skin eruptions. It heals cuts, bruises, scratches and abrasions without leaving a scar. It cures permanently. Maysville testimony proves it.

Mrs. Kate Poth, living at the corner of Clark street and Forest avenue, Maysville, Ky., says: "I gave a statement about Doan's Ointment which was published in our Maysville papers. I said that I had received most decided benefit from the use of this remedy. For a long time I had an itching or eczema of the scalp. It broke out in spots and sometimes the spots would appear on my forehead and temples. The itching was particularly troublesome just before a rain, and was so intense that I could not sleep at night. It required only a short use of Doan's Ointment to cure the trouble, and the cure has been lasting for the past five years. There has never been even an indication of a recurrence. A friend also had eczema and tried everything for it but never found anything to remove the annoyance. On my recommendation she used Doan's Ointment and was absolutely cured."

For sale by all dealers. Price 50 cents a box; Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.
